Spirea Callosa, Pink Blooming, 12-23 in.	80.00 per 1000

We transplant each year Halls Japan Honeysuckle, and grow 150 to 200M for the trade. Let us figure on your wants. For reference as to our fair dealings we give you First National Bank of McMinnville, Tenn.; Third National Bank of Nashville, Tenn., or Dun & Bradstreets.

We pack all our stock carefully in damp moss or shingle tow and keep roots from sun and air as much as possible while digging and packing, and epecially evergreens, which we try to dig on damp days and keep roots from wind or sun.

We appreciate all orders—have been in the nurserv business for 35 years and still appreciate new customers, as well as the continued patronage of our old customers. We are within 25 minutes drive of depot and Express office.

We also furnish tree and shrub seed, and while the seed crop is exceedingly short this year we can furnish seed of White Fringe, Rhus Aromatica, Lin Basswood, Magnolia, Black Walnut, Hickory and American Persimmon. Write for prices.

We have a special lot of about 15M Nursery Grown Hemlock Pine, twice transplanted, 12-24 inches, that we offer as they stand in the nursery row, at a bargain price. Purchaser can have them dug and handle them as they like. Come and look them over. A real bargain for someone.

We have many other items that are not listed on our list, so write us what you want and we will be glad to quote prices if we have it.

TARLETON NURSERIES,

Morton Brothers,

R. 7., McMinnville, Tenn.
